## COLONEL SWINGS THE BIG AXE

FELLS SIN TOWERING PLMS FOR REST AND RECREATION.

An Hour of heating with a Belegation of

est interesting of the visitors was Dr William D Crum, who was in the is finelight while he was Collector of the appointed by the President to the post against the aggression of the Americans. It now comes out strongly in favor of the fin Liberia. The Colonel is very much interested in the status of affairs in Liberia and asked Dr. Crum to tell him all about things there after he has visited Sierre Leon. Capital of the British province.

It is presumed from the Americans, four brethren whom we affectionately salute, whom all love so well and to whom we offer a fraternal salute. The spikes had been pulled from the rails. According to the tentative pixes of the President, a twenty-five and while no employees were injured to the President, a twenty-five and while no employees were injured to the President, a twenty-five and while no employees were injured to the President to the President, a twenty-five and while no employees were injured to the Colorado River which is thought to be most dangerous. It could be most dangerous. It could be most dangerous. It could be most dangerous in extra the point of the Colorado River which is thought to be most dangerous. It could be most dangerous in extra the province of the British province and the province of the president province and while no employees were injured to the rails.

According to the tentative pixel and while no employees were injured to the president and while no employees were injured to the President and while no employees were injured to the President and while no employees were injured to the President and while no employees were injured to the President and while no employees were injured to the When Dr Crum returns to this country he will look Mr. Roosevelt up and inform him on what he has observed. He leaves HURT SAVING HIS CHILDREN.

deeds in the District of Columbia; Harry S. Cummings, a member of the City Council in Baltimore; Giles B. Jackson, a perpetual candidate for office in the South. to the house on Sagamore Hill they heard at 109 Ten Fyck street, Williamsburg. the whacks of the Colonel's axe It was shortly after noon. The Colonel saw forenoon and her husband and the chilthem and shouted a welcome and they got out of the Oyster Bay hack and ran

It was an unexpected visit and the Colonel was delighted to see them all, for he has known them for years. With Dr. Crum he talked at length upon forsign topics. John Dancy figured prominently in the red shirt riots of 1898 in Wilmington and the Colonel knows all about him. Dancy, by the way, is considered to be one of the best colored orators in the United States. T. 2. has a warm spot in his heart for Cummings hecause Cummings way one of the men to second Roosevelt's name in the Republican national convention in 1994.

WHY HE DIDN'T SHOOT. Policeman Sent Gunning for Dog Reports Animal's Suicide.

A little girl ran in great excitement into the Tenderloin police station last night and as soon as she could get her breath told Lieut. McCarthy that there was a mad dog around at Pacific place.

"The dog is running around and trying to bite beople," she said. "My mamma says will you please send a policeman to shoot it."

Policeman Gleason was told to shoot the dog if he thought that it was mad. Gleason couldn't find any dog, but after he had been hunting around a bit a boy told him that a dog had jumped into a small areaway in front of a basement window at 6 Pacific place. Down in the cellar Gleason found a small mongrel pup dead in a tub of water. The tub was directly below the window.

The dog's committed suicide, lieuto shoot it

"The dog's committed spicide, lieutenant," reported Gleason, "so I didn't have to shoot it."
